Thindal, Erode, Tamil Nadu, India | +91 98650 67599 | sharmilakarthikraj@gmail.com

PROFESSIONAL SUMMARY

Results-driven IT Project Manager with over 4 years of combined experience across corporate software project coordination and computer science academia. Adept at bridging technical complexities with business requirements to deliver robust digital solutions. Demonstrated expertise in Agile/Scrum methodologies, cross-functional team leadership, requirement elicitation, and stakeholder management. Highly skilled in modern workflow tracking tools (JIRA) and risk mitigation, seeking a Work From Home (WFH) Project Manager role to drive efficient project life cycles and top-tier service delivery.

CORE COMPETENCIES

- **Project Management:** Agile & Scrum Methodologies, Software Project Lifecycle, Task & Resource Allocation, Timeline Tracking
- **Technical Capabilities:** Requirements Elicitation, Solution Design, JIRA Systems, System Analysis, Error Detection & Troubleshooting
- **Stakeholder & Delivery:** Client Relationship Management, Risk & Escalation Management, Cross-Functional Coordination, Quality Assurance
- **Foundational Tech Base:** Software Engineering Principles, DBMS, SQL, Java, C++, Data Structures, Lifecycle Documentation

PROFESSIONAL EXPERIENCE

Project Manager / *Magiva Technologies Pvt. Ltd., Erode*

September 2025 – June 2026

- Led requirement gathering and analysis phases, successfully translating complex business rules into comprehensive engineering specs.
- Formulated robust solution designs and structural execution plans in close coordination with core software architecture teams.
- Oversaw daily sprint allocation, milestone tracking, and dynamic resource management to optimize team velocity.
- Utilized analytical project tracking methodologies to safeguard schedules, ensuring predictable on-time project delivery.
- Spearheaded direct technical client demonstrations and maintained high-frequency stakeholder communication pipelines.
- Proactively managed issue registers, operational bottlenecks, and risk escalation matrices to prevent scope creep.

Project Coordinator / *APT Skills Software Services Pvt. Ltd., Coimbatore*

February 2024 – August 2025

- Coordinated cross-functional milestones for enterprise software development contracts, facilitating clear cross-team visibility.
- Served as the primary liaison for end-client discovery sessions, distilling functional expectations into granular task backlogs.
- Enhanced measurable customer satisfaction matrices by introducing systematic feedback implementation workflows.
- Administered Level-2 support, managing ticket triage, technical bug routing, and critical incident escalation workflows.

Lecturer – Computer Science & Applied Sciences / *Vivekanandha Institutions, Thiruchengode*

June 2006 – May 2008

- Instructed foundational and advanced undergraduate computer science courses including Software Engineering, Database Management Systems (DBMS), Compiler Design, and Design & Analysis of Algorithms.
- Mentored and guided dozens of students through practical academic software engineering and application development projects.
- Designed structured lab syllabi, managed internal technical evaluations, and fostered logical problem-solving paradigms.

EDUCATION & CREDENTIALS

Degree / Course	Institution / University	Year	Result
M.Phil (Computer Science)	Periyar University, Salem	2008	First Class
M.Sc (Computer Technology)	Kongu Engineering College (Anna University)	2006	First Class
B.C.A (Computer Applications)	Vellalar College for Women (Bharathiar University)	2004	First Class

PERSONAL DOSSIER

Languages Spoken: English, Tamil (Native alignment)

Technical Expertise Fields: Software Engineering Lifecycle, Agile Frameworks, Academic Instruction.
