Education

Shri Vaishnav Institute of Technology

Bachelor of Engineering in Computer Science

CGPA: 7.9

Indore

2026

Class XII

Govt. Maharaja Multi Purpose H.S. Excellence

Percent: 79.8%

Chhatarpur

2022

Class X

Rani Durgwati H.S. School

percent : 86.6%

Chhatarpur

2020

TECHNICAL SKILLS

Programming Languages: C/C++, Java, Python, Django, HTML, CSS, JavaScript, DSA, OS, SQL, DBMS, OOP's.

Development Tools: GitHub, Visual Studio Code.

Experience

Web Development Intern — Emilio Beaufort (Aug 2025 – Sep 2025)

- Developed Times of Fashion website with responsive layouts and modern UI.
- Optimized website performance, cutting load time by 40% and boosting SEO rankings.
- Enhanced cross-device compatibility, improving session duration by 20%.

Projects

Vehicle Chassis Quality Inspection System

Technologies: Java, google API, MySQL

- Developed an intelligent inspection system to automate vehicle chassis quality checks.
- Enabled detection of part orientation, position, and missing components.
- Reduced human dependency, inspection errors, and improved operational accuracy.

Sketching Website

Technologies: HTML, CSS, JavaScript, Django

- Designed and implemented **3 core UI components**: homepage, navigation bar, and media player
- Built a **fully responsive layout** across **5 breakpoints** (mobile to desktop)
- Wrote ~200 lines of CSS for layout alignment, icons, hover effects, and visual consistency.

College Student Database Management System

Technologies: Python, MySQL, MySQL Connector

- Developed a Python–MySQL based system supporting complete **CRUD operations**
- Implemented dynamic SQL queries for structured student data management
- Ensured smooth database connectivity and tabular data representation

Achievements and Certifications

- Cloud Computing** – NPTEL (Jul–Oct 2024)
12-week course on cloud architecture and services – 69%
- Introduction to IoT** – NPTEL (Jan–Apr 2025)
IoT fundamentals and system design – 81%
- Discrete Mathematics** – NPTEL (Jan–Apr 2025)
Mathematical foundations for computing – 49%
- MATLAB for Beginners** – Infosys Springboard (2025)
- C and C++ Programming** – Indore (2024)

SKILLS

Problem-Solving | Team Collaboration | Technical Communication | System Design.

Personal details - Date of Birth: 9 May 2004| **Languages Known:** English, Hindi
