PROFILE

I'm someone who's grown by exploring diverse paths-from mentoring students as a Chemistry faculty and running a centre, to building Infni, an automobile startup backed by industry mentors and created Ace, an event company delivering mega-scale, star-powered experiences. Each role taught me how to lead, adapt, and create real impact, and I'm now looking to bring that same energy into new challenges.

WORK EXPERIENCE

Infni - Founder & Operations Head
(Real-time car care platform)

2024-2025

- Scaled a new service category from concept to 2000+ paying customers in 6 months, driving 5000+ product sales through strategic pricing, vendor onboarding, and customer experience optimization.
- Negotiated and managed partnerships with 10+ local service vendors, creating a reliable supply network while improving service delivery time by 30%.
- Designed and executed city-level marketing campaigns (online + on-ground) that achieved a 95%+ customer satisfaction rate with minimal acquisition cost.

City Coordinator & Chemistry faculty -
Chaitanya's Academy

June 25- Present

- Managed end-to-end academic operations for the city, onboarded and enrolled 200+ students.
- Built partnerships with local stakeholders, increasing outreach and conversions.

Event Lead - Ace It (Event & Artist Management)
PAN India

2021-2024

- Directed logistics and vendor coordination for 10+ large-scale events across multiple cities.
- Worked with high-profile artists such as Guru Randhawa, Paradox, Lakshya Kapoor, Paradox and more.

Relationship Manager - Tech mentor

Jan - May 2025

- Negotiated terms, pricing, and service-level agreements to maximize profitability while maintaining long-term partnerships
- Monitored market trends and competitor activity, recommending strategies to maintain a competitive edge within the category.
