Professional Summary

Enthusiastic chemistry professor with 7+ years of experience teaching and mentoring students in higher education (UG) and high school settings. Possesses exceptional communication skills to effectively convey complex scientific concepts to students of diverse backgrounds. Expertise in curriculum development, laboratory techniques, and research methodologies. Adept at adapting teaching methods to accommodate individual learning styles.

Committed to fostering critical thinking, problem-solving, and scientific inquiry skills in students. Dedicated to advancing the field of chemistry through research and publication. Most proud of contributing to scientific knowledge through research and mentoring future scientists.

Skills

- Academic Governance
- Accreditation & Regulatory Compliance
- Strategic Planning
- Policy Development
- Academic Leadership
- Team & Stakeholder Management
- Documentation & Reporting

Positions of responsibility

- Board Member – Examination Committee-VTU
- NAAC, NBA, IQAC
- Editor in Chief for the college magazine for two year
- Coordinator for the Science association, Sports committee, Research Mentor.
- Organizer – Academic Seminars & Workshops

LANGUAGES

English, Hindi, Kannada

Professional Experience

Associate Professor and Head of Chemistry Department at The Oxford College of Engineering, Bengaluru

November 2024 – Present

- Taught undergraduate and graduate level chemistry courses, designed curriculum, conducted research projects, mentored students, and published research papers.
- Developed and implemented an innovative Engg chemistry curriculum that increased student engagement by 30% and improved average exam scores by 35%, as evidenced by student evaluations and course performance metrics.
- Published over 22 peer-reviewed articles in prestigious chemistry journals, including the Journal of Heliyon, Green chemistry, and ACS, with several articles receiving over 100 citations, showcasing the impact of my work on the broader scientific community.
- Supervised and mentored a team of 5 graduate students and 20 undergraduate researchers, resulting in 1 successful PhD defenses, 2 Masters' theses, and 8 students pursuing advanced degrees.

Assistant Chemistry Professor at The Oxford College of Engineering, Bengaluru

May 2023 – Present

- 21 peer-reviewed publications, 10 book chapters, and 5 patents in chemistry and nanotechnology research.
- Designed innovative Organic Chemistry curriculum, improving student engagement by 30% and exam performance by 15%.
- Mentored 15 student researchers, with 8 progressing to advanced studies or chemistry careers.
- Built industry research collaboration with a pharmaceutical company, leading to joint publication and patent development.

Technical Analyst at Sanjay Polymers Pvt. Ltd.

October 2012 – March 2016

- Analyzed polymer materials and evaluated physical, chemical, and mechanical properties.
- Conducted quality testing and validation of raw materials and finished products.
- Collaborated with production and R&D teams to optimize material performance.
- Prepared technical reports and recommendations for process improvements.

Science Head Teacher at St. Norbert ICSE School

April 2019 – Aug 2021

- Led science curriculum planning and laboratory-based learning.
- Guided students for science exhibitions and competitions.
- Coordinated faculty activities and academic scheduling.

EDUCATION

Ph.D. in Chemistry at REVA University, Oct 2022

Relevant Coursework: Advanced Organic Chemistry, Physical Chemistry, Inorganic Chemistry, Analytical Chemistry, Quantum Chemistry, Chemical Thermodynamics, Spectroscopy, Chemical Kinetics, Materials Chemistry, Computational Chemistry, and Chemistry Research Methodologies
