I have been working as a Financial Analyst at Deutsche Bank. During my employment I was involved in Stock Loan Settlements in Equities Department across all EMEA Markets.

15th May 2018 - 11th Oct 2019 (Deutsche Bank)

Shotlisted as Permanent staff in Deutsche Bank

Worked in Cash Equities Operations under Equities Department across all EMEA Markets.

- Led the team with Cross Matching settlement issues, BUY-IN Risk and Record Date.

- **Priorities involves High Cash Value Trades , High rate and Recalled trades by Clients and Aged failing trades**
- **We work on Corcompact Action Events which is very sensitive leads to dividend claims if we fail on those trades.**
- **BUY-IN Charges will be passed on to the short sold books or traded short.**
- **Focused on Exchange Trades or CCP Trades having BUY-IN risk be executed on failure of 5th day. That will impact on Financial Risk and Reputational Risk.**
- **Risk trades to be escalated on time to the respective desks or Middle office.**
- **CCP exposure Report will be sent for Future Value Date on a daily basis.**
- **Daily Reports : Dividend & Corcompact Action Event Report which will be circulated on a daily basis. Weekly Reports : DBMI Report which includes all the trades focusing on aged failing trades.**
- **Risk Call will be taken on a weekly basis. Discussion with management regarding the trades failing. Proper escalation to be addressed to the management.**

14th Oct 2019 – 17th December 2021 (Deutsche Bank)

Moved to Stock Loan Settlement Operations under Equities Department across all EMEA Markets.

- **Worked on Priority basis viz., Recalls, High Value above 3mio and Aged category.**
- **Morning Call - Day starts with making Desk priorities and a call with management.**
- **Worked on Corcompact Action Event viz., Record dates**
- **Risk related issues., Buy In Risk and High value trades**
- **Worked on Standalone instructions which are live in Market across EMEA**
- **Espear Tasks**
- **Interaction with Custodians which will be helpful for the latest status in the market or real world.**
- **Interacting with Trading Desk and Clients on a daily basis regarding BAU Activities and/or Unmatched issues.**
