PERFECTION.

PROFESSIONAL SUMMARY

Aspiring Computer Science Engineering student with a CGPA of 8.96/10 and hands-on experience in web development, Android development, Linux systems and self-hosted infrastructure. Skilled in problem solving, building projects and leveraging AI tools to drive innovation. Looking forward to contributing effectively in a challenging role while continuously enhancing my skills.

EDUCATION

Bachelor of Technology (B.Tech) – Computer Science Engineering

2023 – 2027

Vikrant University, Gwalior

CGPA: 8.96 / 10.0

PROJECTS & EXPERIENCE

PERSONAL HOMELAB INFRASTRUCTURE

System / DevOps

- Built and managed a personal homelab environment for learning server administration and self-hosted services.
- Deployed containerized applications using Docker.
- Gained practical skills in Linux administration, networking and troubleshooting.

CINE AI – AUTO DUBBING & SUBTITLE GENERATION APP

Kotlin / Android

- Developed an Android application using Kotlin that automatically generates dubbing and subtitles for videos.
- Integrated speech-to-text, translation and text-to-speech APIs.
- Focused on delivering a smooth user experience for content creators.

GYM MANAGEMENT SYSTEM (C++ PROJECT)

C++ / OOP

- Designed and developed a Gym Management System with graphics & animation.
- Implemented member management and record handling functionalities.
- Applied object-oriented programming concepts for efficient system design.

OPTIMUM TIMEX GAMING WEBSITE

Web Development

- Designed and developed a responsive gaming website.
- Used HTML, CSS to build modern UI and navigation.
- Focused on providing a smooth and engaging user experience.

INTERNSHIP

Web Development Intern | Vault of Code

2024

- Completed a web development internship focusing on front-end development.
- Worked on responsive design, UI implementation and project development.
- Strengthened skills in HTML, CSS and practical web development.
